### Ewan's 'Whisky Nights'

Usually annually and at the beginning of summer, we have a wee night to bring together friends through whisky, to try old and new in the whisky world. The night starts with an aperitif and then on to a series of whisky flights. These flights are broken up by food delicacies that compliment the whiskies.

As the night progresses we journey through new blends, various styles of single malt, maybe an Irish whiskey and/or a Bourbon/Rum. The night is usually rounded off with a couple of good cigars around the fire with a favourite of the night.

By invitation only, 12-25 souls.
